

Gas welding equipment

Certificate N°: BAM/ZBA/007/2003

3rd New Version

Hereby it is certified by the BAM certification body that the

Gas welding equipment - Safety devices and quick-action couplings
with the designations and terms of application listed in the Annex to this Certificate

of the manufacturer

IBEDA
Sicherheitsgeräte und Gastechnik GmbH & Co. KG
Bahnhofstraße 27
53577 Neustadt

meet the requirements of the standards

DIN EN 730:2003	"Gas welding equipment - Safety devices" Part 1: Incorporating a flame (flashback) arrestor Part 2: Not incorporating a flame (flashback) arrestor
DIN EN 561:2002	"Gas welding equipment - Quick-action couplings with shut-off valves for welding, cutting and allied processes"
AS 4603-1999	Flashback arresters – Safety devices for use with fuel gases and oxygen or compressed air

The relevant sections of the applied standards as a basis of this Certificate and the specific terms of application can be found in the Annex to this Certificate. According to EN 45011 (1998) the certification contains a type examination with periodical surveillance of the products and the manufacturer's premises (BAM certification systems II a and II b). The certification and surveillance procedures are set out in contract BAM-ZBA-0001-2003-IBEDA.

The products certified by BAM may be labelled with the BAM certification mark "Geprüft und überwacht" and/or "BAM certified and under surveillance" together with the Certificate number.

The Certificate is valid until 31 August 2018.

The test reports listed in the Annex to this Certificate are part of this document.
